Email invite to complete process

Once the article is editorially accepted, the corresponding author receives an invitation to complete the publishing agreement

SPRINGER NATURE

Dear Dr. Charles Darwin

Congratulations on the acceptance of your article: The zoology of the voyage of H.M.S. Beagle.

Before we can proceed with the publication of your article in Journal of Research, we first need you to complete the appropriate publishing agreement.

<https://foo.bar>

With kind regards,

Springer Nature Author Service

If you have any questions, please do not hesitate to contact our Author Service team at

Authors are given basic information about publishing their article open access, including the Article Processing Charge (APC)

If authors would like to publish subscription instead, this can be selected later in the process

Jane Doe

SPRINGER NATURE

Publishing and rights

Open access

Publishing open access with us (gold OA) lets you share and re-use your article immediately after publication.

The article processing charge (APC) to publish your article open access is:

Article processing charge

£3780.10 / \$4080.50 / €4120.90
(excluding local taxes)

Some organisations will pay some or all of your APC.

We will now check whether your APC is covered by any of our agreements.

If you want to publish subscription, instead of open access, there will be an option to do that in the following steps.

Publishing model choice

If an author does not have an agreement available to cover the costs of publication, they will be given the option to either publish subscription or pay for open access using other funds

If they select open access, they will have the opportunity to provide billing details

Publish open access

Journal of Research offers you the opportunity to publish your article open access. Publishing open access offers a number of benefits:

- Increased researcher engagement
- Higher visibility and greater impact
- Easy compliance with mandates
- The copyright remains with you

You can learn more about the benefits of publishing open access [here](#).

Many funders and institutions mandate and finance open access publishing. To find out if you have access to funds that will allow open access publication at no cost to you, please take a look at our OA funding database [here](#) or contact your librarian.

If your research is supported by a funder that requires immediate open access (e.g. according to [Plan S principles](#)) then you should select the open access publishing route. For authors selecting the subscription publishing route, the journal's standard licensing terms will need to be accepted, including [self-archiving policies](#). Those licensing terms will supersede any other terms that the author or any third party may assert apply to any version of the manuscript.

Should you choose to publish open access below, an article-processing charge (APC) will apply, with the currency charged dependent on the billing country of the invoiced party and subject to local taxes where applicable. [Learn more about APCs](#).

Please select your publishing model:

- ☐ Publish open access (APC £3780.10 / \$4080.50 / €4120.90 + tax)
- ☐ Publish subscription

OA pre-publishing declaration

Before generating the publishing agreement, the author is asked to confirm if they are an employee of the US or UK governments so that the system can provide the appropriate agreement

Next steps for publishing your article

Agree to publish

Dear Dr. Xiang Hu

Before we can continue with the publication of your article, we need you, the corresponding author, to provide us with permission to publish.

In order to generate the correct publishing agreement for you to sign, please make your selection from the options below.

Are you, as the corresponding author:

- ☐ An employee of the United States Government
- ☐ An employee of the Government of the United Kingdom of Great Britain and Northern Ireland, Canada or Australia
- ☐ Neither of the above

Funding note

The funding highlights that the costs to publish the article open access (the APC) have been fully or partially covered by the agreement

Funding

Open access funding provided by HEAL-Link Greece.

example: *Open access funding provided by CSIRO*

Publication II

After publication, the author will receive an email containing information about the respective OA license

This email explains:

- General information about the article
- The specific license in use (CC-BY or CC-BY-NC)
- How the author can share their article
- Information on announcing and citing the article
- Extra services SN provides to authors

The email also contains a link to the online version of the published article and an PDF copy
